

 GREAT GULF Presents

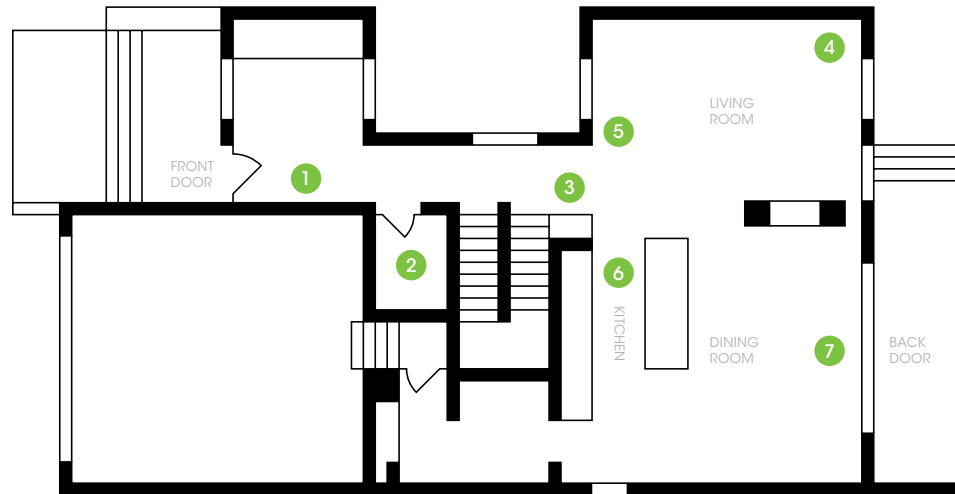

# Active House Centennial Park

This is your self-guided tour booklet

# THE FEATURES OF activehouse

## MAIN FLOOR

## 2ND FLOOR

## BASEMENT

## 1 ROGERS HOME AUTOMATION

Manage your homes security and automation anywhere and anytime with the Home Monitoring System.

## 2 BATHROOM FEATURES

### TANKLESS, HOT WATER

Hot water on demand which helps to reduce the energy consumption of the house.

### HRV (HEAT RECOVERY VENTILATOR)

HRV provides fresh air and improved climate control, while also saving energy by reducing heating requirements.

### LOW-FLOW PLUMBING FIXTURES

Creating energy saving by reducing water consumption.

## 3 LENNOX 3-ZONED HVAC

Allowing for customizable climate control, creating a more comfortable environment while reducing energy requirements.

## 4 VELUX SKYLIGHT

Brings natural light and fresh air into the interior of the home.

## 5 LOW VOC PAINT

For a healthier home environment.

## 6 KITCHEN FEATURES

### LOW-FLOW PLUMBING FIXTURES

Creating energy saving by reducing water consumption.

### ENERGY STAR APPLIANCES

## 7 PATIO DOOR

Triple glazing provides optimal thermal and acoustical benefits while reducing energy consumption.

## 8 BASEMENT FEATURES

### UNDERSLAB INSULATION

Provides a more comfortable environment and reduces energy consumption.

### LENNOX 3-ZONED HVAC

Allowing for customizable climate control, creating a more comfortable environment while reducing energy requirements.

### R24 INSULATION

Providing thermal benefits while reducing energy consumption.

### DRAIN HEAT RECOVERY

Recovering valuable energy from the warm water discharge, and using it to preheat your incoming cold fresh water.

## 9 TESLA POWERWALL

Allows for energy management and reduction of electricity consumption during peak times and emergency backup as well.

## 10 VELUX SUN TUNNEL

Bringing natural light into even the darkest and most isolated spaces through the home.

## 11 HUBER ZIP WALL

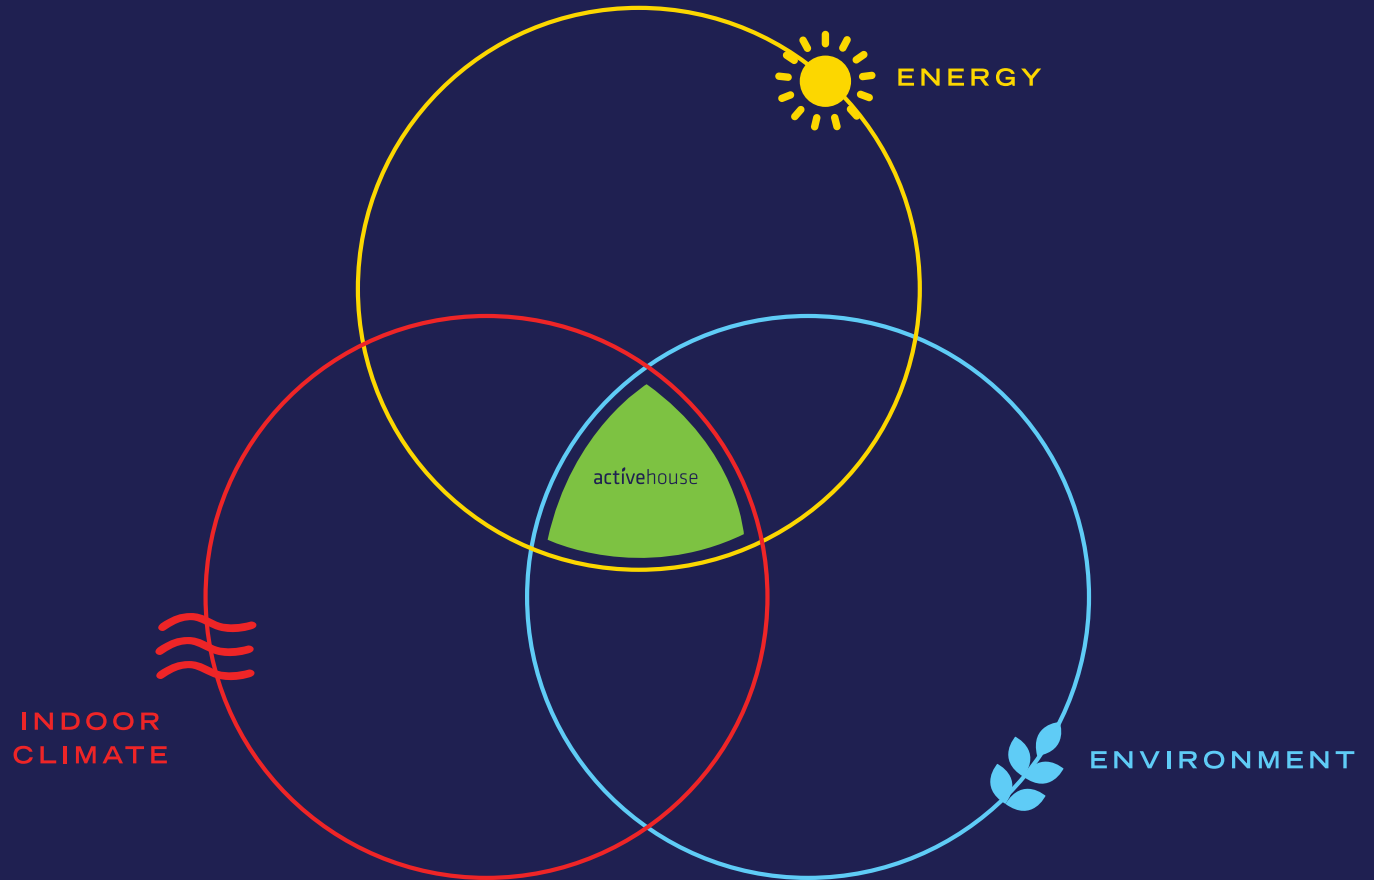

A 5 in 1 system with layers of innovation, insulation, structural and weather protection all wrapped into one, reducing energy consumption.

## 12 HYBRID TRIPLE WINDOWS

Providing thermal and acoustic benefits, with specialty treatment to provide high and low heat gain depending on orientation.

Homes that give more than they take.
